## ROPE ACCESS TECHNICIAN

**Job Ref** HLM RAT

**Location** Sites throughout Scotland

**Salary** £16 - £20 p/h depending on experience (10 hr days)

### **Job Description**

TRAC High Level Maintenance are currently recruiting for a Rope Access Technician to assist in lighthouse contracts around the coast of Scotland. The position would ideally suit a person living in the Central Belt area to suit transport arrangements to various sites.

The Rope Access technician must be IRATA qualified and be able to demonstrate experience in trades and building maintenance. Key skills must include painting.

Shift patterns may vary for each site. Typically, shifts will be 10 days to 3 weeks away from home. This position is on a contract by contract basis.

To apply, please send a copy of your CV to [highlevelmaintenance@trac.com](mailto:highlevelmaintenance@trac.com) quoting 'HLM RAT' in the subject field.

All applications will be dealt with in the strictest of confidence. We are committed to encouraging equality, diversity and inclusion among our workforce, and eliminating unlawful discrimination, in full compliance with the Equality Act 2010.
